Rule 318A.m. of the COGCC rules and regulations does not allow horizontal wells to be drilled within 150 feet of another well unless this requirement is waived by the operator of the encroached upon well. Bill Barrett waives the requirement, being the operator of the well and acknowledges the nearness of the wellbores. BBC respectfully requests the director to accept this operator request letter to allow the above referenced well to be drilled within 150 feet of the well listed above that is operated by BBC.

Sincerely,
