COMMENTS:

Noble Energy originally was going to installed 1000 barrel tanks on this production facility site with a smaller tank count. Due to procurement issues, Noble had to order a smaller size in tank and increase the tank count. Due to this change Noble is requesting to increase the pad size for this location ID 433197 to a total of 17 acres. Noble will now need to increase the interim reclamation from 10 acres to a total of 12.
