Ladies and Gentlemen:

In accordance with the requirements of Rule 305.e.(1).B of the Colorado Oil and Gas Conservation Commission (“COGCC”), this letter serves as advanced notice by EnCana Oil & Gas (USA) Inc. (“EnCana”) of its intention to conduct drilling operations on the captioned well located on your property. EnCana’s operations are estimated to begin in the second quarter of 2014 pending receipt of required permits, approval of title and drilling rig availability.

Pursuant to Rule 306.a, EnCana’s representative, Bob Bresnahan, will be contacting you within the next several days to schedule a consultation to discuss the location of the wellsite, access roads, production facilities and other related matters (please see the enclosed aerial plat), however the well location may be staked prior to a consultation. Enclosed for your review is an informational copy of COGCC’s notification, consultation and reclamation rules regarding oil and gas operations.

The COGCC regulations provide that the surface owner may designate a representative for surface consultation. Enclosed is an owner response form and we ask that you indicate your preference with regard to the consultation requirement and return the form in the self-addressed stamped envelope provided for your convenience.
