Hello Arthur,

Thank you for clarifying the Form 4 exceptions to rule 609. Given that there is 1 non-functioning water well within a ½ mile radius of the Goodman Point 26 CO2 well, we would ask that you please change our number of exceptions to 4 on the Form 4 for this particular well (Doc #400454830).

Please let us know if you have any questions.

Thank you,

Laura Getts | GIS Analyst & Permitting Specialist
