COMMENTS:

The surface disturbance needs to be increased due to a change in rig fleet (a larger rig than originally anticipated will be used to drill the wells on this pad), and for the storage of completion operation equipment. Construction for this pad is scheduled to start 9/27/2013. Originally permitted size of disturbance during operations was 6 acres; please change to 8 acres. The site will still be reclaimed to 1 acre after operations have ended. Revised location drawing attached.
