Comments: Nearest public road (2310') is the section line road that runs north south along the western edge of Section 24, 1N,R58W. Nearest property line (340') is the southern edge of the N/2SW1/4 of Section 24. Nearest well completed in the same formation (D Sand) (1843') is the Dewey #3. This permit is being submitted with a form 33, Injection Well Permit Application (mailed separately) and a Form 4. The Dewey #2 will be converted to a D sand water injection well in the D Sand Enhanced Recovery Unit that was approved under COGCC order 26-60. A form 2A is not required for this recompletion because no pit will be constructed and there will be no additional surface disturbance beyond the originally disturbed area. No conductor casing was used when this well was drilled; the casing consists of surface casing and a production string.
