OGLA	Following discussions with Noble, a revised Location Drawing was added and they requested a change to the size of the disturbed area to now be 3 acres (down from 5 acres) during construction and 2 acres after interim reclamation due to the addition of three pieces of production equipment.	8/30/2013 1:24:32 PM
OGLA	By COGCC Rule, proposed change requires a Form 2A if Location has already been constructed. OGLA review will determine if proposed change is considered "non-substantive" per Rule 303.g. (303.d., as amended).	8/21/2013 12:19:01 PM
