Rio Blanco County

Dear Mrs. Dooling,

Colorado Oil and Gas Conservation Commission (COGCC) staff has received the Notice of closure/reclamation Form 04 submitted on March 14, 2013 for the referenced site. Based on the review of data presented, it appears that no further action is necessary at this time at this site. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if groundwater is found to be significantly impacted, COGCC may require that further investigation and/or remediation be conducted.

The remediation project has been closed. If you require any additional information, please call me at (970) 625-2497.

Sincerely,

Carlos Lujan, Ph.D.  
Environmental Protection Specialist  
NW Region

Cc: Chris Canfield - Environmental Protection Specialist NW Region  
Alex Fischer – COGCC Environmental Supervisor
