Section 28: 757' FSL, 460' FEL (End of Lateral)  
Weld County, Colorado

Mr. Lepore,

Encana Oil & Gas (USA) Inc. ("Encana") is planning to drill the captioned boundary well in accordance with the provisions of COGCC Rule 318A.e.

Encana's proposed wellbore spacing unit consists of the S/2 of Section 28, T3N R68W, creating a 320-acre wellbore spacing unit for the Niobrara and Codell formations. Encana is not the only owner within the proposed spacing unit, and as such provided notice to the remaining owner(s) within said proposed spacing unit as required under COGCC Rule 318A.e(6). Encana received no objection of said proposal by the other owner(s) within the proposed spacing unit and the thirty (30) day notice period has been waived.

Thank you for your time and attention to this matter. Encana respectfully requests that the COGCC review the enclosed information and approve the sundry to add the Niobrara formation to the captioned well.

Sincerely,

A handwritten signature in black ink, appearing to read "Erin Hochstetler".
