Randy,

The COGCC is reviewing the above-referenced Form 2A. In order to complete our review process, we request that you address the following items:

1. The location drawing attached to form has a 400' distance for visible improvements from the proposed Oil and Gas Location. As of August 1, 2013, Rule 303.b.(3) now specifies that all visible improvements within 500 feet are included. Please provide a location drawing with the 500' distance shown and I will attach it the Form 2A.
2. Reference area photos were apparently not taken during growing season and have partial snow cover. Please indicate if new photos will be submitted within 12 months of the Form 2A.

Please respond in writing (e-mail) to this request. If you have any questions, please do not hesitate to contact me at [303-894-2100 extension 5168](tel:303-894-2100).

Best Regards

Good Afternoon John,

I have reviewed the reference area photos that were attached for the State North Platte O-26 Pad. I do agree that there is snow in the pictures. This snow is very limited in extent and primarily located in the shady areas under sagebrush plants. This does not impair the ability to determine plant types and densities for the reference area. Therefore, I feel no additional information would be garnered from additional pictures of the reference area and request that the originally submitted pictures be used for the processing of the OGLA.

Please contact me if you have questions or I can do anything to help you meet our goals.

Thanks,

Randy Edelen, P. E.

Randy,

The COGCC is reviewing the above-referenced Form 2A. In order to complete our review process, we request that you address the following items:

1. The location drawing attached to form has a 400' distance for visible improvements from the proposed Oil and Gas Location. As of August 1, 2013, Rule 303.b.(3) now specifies that all visible improvements within 500 feet are included. Please provide a location drawing with the 500' distance shown and I will attach it the Form 2A.
2. Reference area photos were apparently not taken during growing season and have partial snow cover. Please indicate if new photos will be submitted within 12 months of the Form 2A.

Please respond in writing (e-mail) to this request. If you have any questions, please do not hesitate to contact me at [303-894-2100 extension 5168](tel:303-894-2100).

Best Regards

LOCATION PHOTO

With your concurrence, the Form 2A will include a Condition of Approval for reference area photos to be submitted any time up to 12 months after the Form 2A. If you prefer to provide photos prior to approval of the form, please let me know in advance and I will plan to attach them to the form. Please

call or email if you have questions or concerns.

Thank you,

John
