Re: Request for Exception to Rule 318A(a)  
Weld 152 Wells- 6 Well Horizontal Pad in the Southeast of the Northwest and  
the Southwest of the Northwest Quarters of Section 10, Township 6 North,  
Range 67 West, Weld County, Colorado, 6<sup>th</sup> P.M.  
Including: Weld 152 #12-10-3NHZ, #11-10-3CHZ, #A-10-3NHZ,  
#J-10-3CHZ, #22-10-3NHZ, #21-10-3CHZ

Lat 40.502013 / Long -104.884047

All wells spaced 20' apart on surface

Dear Director,

Synergy Resources Corporation respectfully requests the Director approve an exception to Rule 318A to allow the Weld 152 well(s), listed above to be drilled at the above referenced location. Rule 318A(a) of the Colorado Oil and Gas Commission's Rules and Regulations requires the well(s) drilled in a square with sides four hundred (400) feet in length, the center of which is the center of any quarter/quarter or a square with sides eight hundred (800) feet in length, the center of which is the center of the quarter section. The well being permitted is an exception location at the request of the surface owner.

Synergy Resources Corporation is the surface owner and waives this requirement.

Should you have any questions, please contact Craig Rasmuson at  
(970) 737-1073. Thank you for your consideration.

Sincerely,

*Craig Rasmuson*
