**State of CO South 1S-66-36 Pad**  
SW SW Section 36, T1S-R66W  
Weld County, Colorado

Attn: Mr. Lepore, Director

Bill Barrett Corporation (BBC) is planning to drill the above mentioned well locations.

The surface locations of BBC's proposed wells have been staked outside of the 318A.a drilling window. The location is being permitted as an exception location. BBC has obtained permission, contained in a waiver, from the surface owner.

Under revised Rule 318A.c any new twinning well is to be located within 50' of an existing well. The surface locations of BBC's proposed wells have been staked farther than 50' from the nearest oil & gas well. BBC has obtained permission, contained in a waiver, from the surface owner.

Thank you for your attention to the enclosed. BBC respectfully requests that the COGCC review the enclosed information and approve the requested exception location waiver and application for permit to drill the captioned well.
