Hi John,

I just spoke with the Surface Landman and the SUA is still under negotiation. He should have it finalized in the next couple of weeks. We will not submit the facility 2A until at least 30 days after the pre-application notices have been received by the applicable owners. Will this hold up approval of the subject 2A? We will not complete these wells until we have an approved facility 2A.

Thank you,

Lauren Kucera
