This form 2A is for the addition of production facilities for a proposed well to an existing central production facility location. Because a form 2A was not submitted by the previous operator for this existing production facility location, we have included all existing equipment, in addition to the equipment that will be needed to serve the proposed Wickstrom 6-4 well. Currently this location serves the Wickstrom 6-5 & Wickstrom 6-12 wells, which are located on the same lease.
