Re: Request for a Rule 502.b Variance from Rule 305.d  
Anderson #1, SESE 6 -6N-65W  
Weld County, CO

Dear Director Lepore:

Please let this letter serve as a request for administrative approval of a rule 502.b variance, rule 305.d, re-entry Form 2 without a 20 day comment period for the Anderson #1 well. This well was abandoned in accordance with COGCC rules in 1994. PDC Energy plans to re-enter & re-plug this well in accordance with current COGCC standards which will enable PDC Energy to complete the wells drilled on the Diana 6T-HZ Pad, SWSE 6-6N-65W, located within 1500' of the Anderson #1 well.

Kindest Regards,

Christine Brookshire  
Regulatory Tech II
