#### COMMENTS:

In response to the NOAV Doc #200361992 for the Huggard 2-13 and the Field Inspection Doc # 668100143, Encana had originally stated the work on the original drainage area of Porcupine creek would be completed by July 2013. Currently we are waiting on the approval of the re-submitted Army Corps of Engineers permit before we can proceed. If all goes as planned, the work should be completed by the end of October 2013.
