Hi Toby,

Please see the email below from David Bauer, the LGD for the Lutz 1-A, giving permission to waive the 20 day comment period for this APD.

Weld County has no concern with Encana's request to plug the Lutz 1-A in Sec 31 T1N R65W, API 05-123-09422 well and waive the 20 day comment period.

Good Morning David,

I left you a voicemail this morning regarding a 20 day comment period waiver request but thought I would follow up with an email. Encana needs to re-enter the Lutz 1-A well (which was previously drilled and abandoned) in order to properly plug the well. I included a wavier letter with the APD when I submitted the form through eForms but the COGCC is requesting approval from you in order to grant this request. Here is the language I included on my letter that was attached with the permit:

"Encana Oil & Gas (USA) Inc. would like to request a Rule 502.b Variance from Rule 305.c to waive the 20-day comment period for the approval of Re-entry Form 2, Document #400484380, for the Lutz 1-A in Sec 31 T1N R65W, API 05-123-09422. The purpose of re-entry to the Lutz 1-A is to adequately re-plug the well to allow completions of the horizontal offsets on the Lochbuie lease, and the waiver of the 20-day comment period is requested in order to move forward with the horizontal drilling program."

I was told by the COGCC that an email approval would be acceptable in this circumstance. If you have no objections to this request, would you please reply back to this email giving your approval? If you have any questions or would like any other information about this well or the work we are doing, please do not hesitate to contact me.

Thank you,

Erin Lind
