**COMMENTS**

Data from the Colorado Division of Water Resources indicates that there are currently two constructed water wells located within 1/2 mile of the permitted HA-6 CO2 location. One of these wells is currently registered to Raymond J and Melissa T Delio and the other water well is registered to Joe D. and Tina A. Turner. The Delios have confirmed that there are no operational wells or springs on their property. The Turners confirmed that there is one operational well on their property, which has been sampled. Results of this sample will be reported to the COGCC per COGCC regulations.

Please see the attached documents for a more complete description of the owners' responses.
