Dear Mr. & Mrs. Bruegman:

Great Western Operating Company, LLC ("GWOC") plans to drill oil and gas wells from the above described surface location.

Rule 318A.a of the Colorado Oil and Gas Conservation Commission ("COGCC") Rules and Regulations requires that wells drilled within the Greater Wattenberg Area ("GWA") be drilled in a square with sides four hundred (400) feet in length, the center of which is the center of any governmental quarter/quarter section ("400' window"); or a square with sides eight hundred (800) feet in length, the center of which is the center of any governmental quarter section ("800' window").

Please waive this requirement showing your approval of the new wells being drilled at the agreed location on the land herein described above.

Please evidence your request to waive COGCC Rule 318A.a by signing below. If you have any questions regarding this matter, please contact Eric Creed at 337.212.7158 or 970.686.8831.
