Comment	User	Date
<p>Passing Bond Release Inspection. No wells were drilled and the location was not built to serve as a well pad for drilling. Approved Sundry (Doc #2172121) on file indicating Antero has abandoned APDs of undrilled location and that the "pad" was not constructed.</p> <p>Field observations indicate that the subject location is within a fenced industrial/construction storage lot which houses equipment and supplies related to oil/gas, construction and building operations. Reviews of aerial images indicate this use existing prior to mid 2009.</p> <p>Archived documents in database also demonstrate the pre-existence of the storage facility prior to APDs; such as: Location Photos taken in July 2008 (Doc # 1827400), Surface Agreement (Doc# 1827387), Notice of Intent to Conduct Surface Operations (Doc#1827386), and Well Location Plat (Doc #1827390).</p>	baroumas	01/06/2014
