**Form 2A COAs:**

Group	User	Comment	Date
OGLA	deranleg	1. Operator must implement site-specific best management practices in accordance with good engineering practices, including, but not limited to, construction of a berm or diversion dike, site grading, or other comparable measures, sufficient to protect the ephemeral streams located approximately 10 feet northeast and 144 feet southwest of the oil and gas location from a release of drilling, completion, produced fluids, and chemical products. 2. Operator shall implement stormwater best management practices to prevent erosion and sedimentation resulting from pad construction activities from adversely affecting the nearby drainages.	12/03/2012
