Surface: Fee
Mineral Lease: Fee

Dear Mr. Lepore,

This letter hereby certifies that Ward Petroleum Corporation complied with Rule 305.a.(2) on November 13, 2013. All Building Owners within 1,000' of the proposed location were received certified letters notifying them that Ward is seeking an oil and gas permit within 1,000' of their Building Unit. Ward has also complied with Rule 305.c., notifying those within the Buffer Zone that the Oil and Gas Location Assessment had passed completeness and the public comment period was open. Upstream Petroleum Management, Inc. has evidence in the form of Return Receipt Certifications from the United States Post Office. Those certifications may be furnished upon request.

In both notifications that were sent to the surface owners within the 1,000' Buffer Zone, Ward offered to meet with them to answer questions or discuss the operations per Rule 306. No meetings were requested, however, there were several phone calls to my office where I was able to answer their questions. A record of these phone conversations is available upon request.

Please contact us at 303-942-0506 if there are any questions. Thank you.

Sincerely,
UPSTREAM PETROLEUM MANAGEMENT, INC.

Andrea J. Gross
Permit Agent for Ward Petroleum Corporation
