Dear Director:

Encana Oil and Gas (USA) Inc. ("Encana") respectfully requests the Director approve an exception to Rule 318A.c. to allow the above named wells to be drilled at the above referenced location. Under the Revised Rule 318A.c. of the Colorado Oil and Gas Conservation Commission's Rules and Regulations, it requires any new twinning well to be located within 50 feet of an existing well. The above-named wells are more than 50 feet from the nearest oil and gas well. A signed waiver of Rule 318A.c. by the surface owner is enclosed.

Should you have any questions, please contact me at 720-876-5827. Thank you for your assistance in this matter.

Sincerely,  
Encana Oil & Gas (USA) Inc.
