Patty,

The subject 2A was returned to draft for the following deficiencies:

- Contact/Submitter is not a COGCC registered agent.
- The right to construct in the Surface & Minerals tab should be the oil and gas lease.
- The Cultural Setbacks tab is incomplete; please follow instructions to complete Cultural Distance Information.
- Water well sampling Rule should be 609 in the Water Resources tab.
- Missing attached Location Pictures required by Rule 303.b.(3)B.
- Missing attached NRCS Map Unit descriptions required by Rule 303.b.(3)H.

Thanks for your attention to this matter.

Rob,

Attached are all the documents on the #1 William Miller well. I have added the things that you asked for.

Patty Brew - President of Central Operating - is signing Form 1 and you should have that within a day or two.

I have also modified the Forms 2 and 2A on the Friedly 1B well and will send them to you in a separate email.

Give me a call if you have any other concerns.

Rgds,

David G. Winslow
