Re: Request for Exception to Rule 318A-c  
Barefoot 32N-25HZ Barefoot 33C-25HZ Barefoot 33N-25HZ

Township 3 North, Range 68 West, Section 25: NE SE  
Weld County, Colorado

Dear Mr. Savela:

Kerr-McGee Oil and Gas Onshore LP plans to drill the listed oil and gas wells from the above described surface locations.

Rule 318A-c of the Colorado Oil and Gas Commission's Rules and Regulations requires any new twinned well being located 50' or less from an existing oil and gas well. We will drill the wells at the described location per the attached Barefoot 32N-25HZ Location Drawing, but we will need this waiver as this location is more than 50' from the existing well.

Please waive the above referenced requirement showing your approval by signing below. Should you have any questions, please contact our office. Thank you for your consideration.

Very truly yours,  
KERR-MCGEE OIL AND GAS ONSHORE LP

  
Terry Enright  
Staff Landman

I/we waive the above requirements and approve the above described locations.

**Carma Bayshore, LLC.**
