**COMMENTS**

Attached is the full history of certified mail communications to surface owner requesting permission to test the only 2 wells (livestock water supplies) within a 1/2 mile radius of our approved O&G Drilling location per COGCC Rule 609 Sampling Criteria. Documents attached show that reasonable attempts were made to communicate with the surface owner and provided them with "consent" or "non-consent" testing options. Owner ignored pick up notification from USPS for our certified mail package, and unclaimed package was returned to our offices. Owners contact information was gathered from the Logan County Assessors office, verification which is also included. We are requesting exemption from rule 609 requirements for this project
