RE: Rule 604.b.(2) Exception location (SUA executed on or before August 1, 2013)
Matsushima #2-6X
Niobrara Recomplete
Township 4 North, Range 66 West, 6th P.M.
Section 10: NENE 560' FNL & 760' FEL (Surface Location)
Weld County, Colorado

Dear Mr. Lepore,

K.P. Kauffman Company, Inc. (KPK) is planning to recomplete the above mentioned well outside of the originally perforated interval in the Niobrara formation.

The location is being permitted as an exception location. The surface location of KPK's well is subject to a Surface Use Agreement (SUA) executed and effective July 22, 2013. In the SUA the surface owner explicitly waived the right to object to the location of oil and gas wells and facilities on the basis of State and local setback requirements. In addition, in the SUA the surface owner explicitly waived the minimum thirty (30) day written advance notice requirement under Rule 305.e.(1).

Thank you for your attention to the enclosed. KPK respectfully requests that the COGCC review the enclosed information and approve the requested exception location waiver and Application for Permit to Recomplete the captioned well.

Respectfully,

Susana Lara-Mesa
VP of Engineering
