All -

I am writing to inform you of La Plata County's review of the dumping occurring on property owned by LBCR in La Boca Canyon. La Plata County considers this type of dumping commercial and a land use permit is required for the materials storage resulting/occurring on the site. The property owner will be informed of the permit requirements and given the option to permit the commercial storage or cease the use of the property for commercial storage purposes. I will copy you on the letter once it's prepared and sent out to the property owner. Please do not hesitate to contact me should you have any questions or require further information.

Sincerely,

Marianna Spishock

Code Enforcement Officer

La Plata County Government
