Dear Director:

Great Western Operating Company ("GWOC") plans to drill the above mentioned wells from the referenced location which is more specifically described above. Great Western Operating Company, LLC has obtained a property line waiver from the surface owner and respectfully requests that the COGCC waive Rule 603.a(2) of the Colorado Oil and Gas Conservation Commission Rules and Regulations ("COGCC") requiring that the well be located a minimum distance of 150' from a surface property line.

Respectfully,

*Callie Fiddes*
