Description

Operator Comments:

Due to a new drilling rig height, Encana requests permission to move the surface hole location in order to meet the right rig height setbacks. Also, Encana would like to add Federal Lease No. COC 30024 to this APD. This well bottom holes in this lease and the minerals will be developed. A Federal permit has already been submitted and is in process with the Royal Gorge Field Office.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
