RE: Request for Exception to Rule 317.o Requirement to Run Open-Hole Logs

North Platte J-24 Pad

SE/4SW/4 Sec 24-T5N-R63W, 6th PM, Weld County, CO

North Platte O-K-24HC, North Platte O-K-24HNB

North Platte E-A-24HNC, North Platte E-A-24HNA

Mr. Lepore:

Bonanza Creek Energy, Inc. ("Bonanza") intends to drill and produce the above referenced horizontal oil and gas well(s), to be located as described above. Bonanza respectfully requests the Director to approve an exception to Rule 317.o for the referenced proposed wells, as suitable gamma ray and resistivity logs exist in the records from prior wells drilled in the vicinity of the surface-hole location of the proposed new well(s).

The logs from the following prior-drilled wells are proposed to provide adequate log coverage to characterize the geology of the area:

Well Name/Number	API Number	Distance from proposed well(s)	Azimuth (Degrees)	COGCC Well File Document Number
North Platte 24-24	05-123-25827	680 ft	45	1376422, 1376420, 700043689, 700043686, 700044625

CBL and Gamma logs will be run on the 7" first string, from the top of the curve to surface, on the proposed new well(s), and submitted to COGCC. Gamma by LWD will be run from the first kickoff point (5600-5800' TVD) to TD, and submitted to COGCC. The Drilling Completion Report – Form 5 submitted for each well will indicate that no open-hole logs were run. Bonanza respectfully requests that the COGCC review the enclosed information and approve an exception to Rule 317.o with respect to the proposed new well(s).

Thank you for your attention to this matter.

Sincerely,

**BONANZA CREEK ENERGY, INC.
