

**Whiting Oil & Gas Corporation**

Razor 33 Production Pad  
Proposed Location as Staked  
Section 33, T10N-R58W  
Weld County, Colorado

Prepared by H&B Petroleum Consultants 3-31-14

Scale 1" = 500'

33

The proposed road for the Razor 33N will need to be relocated to the south side.  
The spoils stockpile will need to be relocated to the north side of the N pad.  
There is approximately 20' to 50' from pad to CR ROW edge.  
There is approximately 100' from north edge of pad for Spoils to edge of 800' swath.
