Inspector Comment:

On site during boring and sampling on footprint of former pit. Sampling triggered by Piceance Energy bond release request. Linn Energy Representatives, Chevron (landowner), myself, met onsite. Site clean. Good maintenance practice. No weeds, no junk. Signs in place (tanks, wells). Tanks have adequate secondary containment. Storm water management adequate, berms OK. Pad leveled, no erosion observed. Weed Control company from De Beque arrived when I was about to leave. They did a thorough job.
