Hi Arthur,

Per our phone conversation just now:

Regarding water well #24566 near the Craig 44-18 well - it was not sampled because the water well was abandoned and is no longer functional. I verified this with Van Craig this morning (his phone number is 970.630.0091).

Please let me know if you need anything else to finalize this sundry.

Thanks,

**Deidre Duffy**

Sonia,

A review of DWR data found on the COGCC web site indicates that there is at least one additional water well within 1/2 mile of the Craig 44-18. The water well is receipt # 9057085, permit # 24566. Could you please provide either sampling data or documentation indicating why a sample was not collected. Please see the map below.

Thanks,

Arthur
