08/13/2010	200274601	PR	PR	SATISFACTOR Y			No

**Inspector Comment:**

The following corrective actions have been completed since the last inspection #668200205 performed on 10/17/2012. The signage on both the steel AST tanks and open top tank (in pit) currently meet rule 210d requirements. The fence around the pit/ open top tank has been repaired to a satisfactory condition. The ownership of the pit/ open top tank has been changed to show QEP. The tanks on location have been re- painted. Spill prevention BMP's under the lube oil drum still need to be implimented.
