Hi Larry,

Thanks for speaking with me regarding this matter.

Attached is a Pooling Declaration for Pioneer's Long View Farm 44-18-16-53HC and Long View Farm 44-18-16-53HA. Please use this Pooling Declaration in replacement of the previously submitted one. This Pooling Declaration covers both laterals and in turn covers the production of both the Cherokee formation and the Atoka formation.

Thank you and please let me know if you have any questions.

Kristi McRedmond
