Dear Loni,

I called Stuart Chapman at approximately 3:30 on June 19, 2014 to ask him if he wanted a meeting with Augustus Energy relating to a gas well to be located near his farm house. I stated that as Yuma County's Local governmental Designee I can request a meeting with him and the gas company, if he was not satisfied with the well negotiations. Stuart stated he had no problems with what Augustus was doing and did not feel a meeting was needed. I informed Stuart that I was going to write a statement of our conversation and email it to Loni Davis at Augustus. I asked if he wanted to be included in the correspondence. Stuart said that was not necessary.

Because of Stuart Chapman's response to my questions, I do not feel a meeting with the building unit owner is necessary per COGCC regulation 306.e.(1).

Sincerely,

Linda Briggs
