Re: **Centralized Exploration and Production Waste Management Facility
Permit Application – Reclamation Cost Estimate
Kerr-McGee Oil & Gas Onshore LP
DFMF #2 Strear Farms
SW SEC 23-T2N-R67W
Weld County, Colorado**

Dear Mr. Fischer:

Kerr-McGee Oil and Gas Onshore LP (Kerr-McGee) is submitting this letter as an addendum to the Centralized Exploration and Production Waste Management Facility Permit Application submitted on April 30, 2014 for the DFMF #2 Strear Farms Land Application Site (Site). This letter provides the estimated reclamation costs to return the Site to agricultural use.

Upon closure of the Site, the property will be used solely for agricultural purposes. Based on the final land use, reclamation activities will consist of closure soil sampling, laboratory analysis for Colorado Oil and Gas Conservation Commission Table 910-1 soil parameters, and removal of the storm water controls, perimeter fence, and signage. The reclamation costs are summarized in the attached Table 1.

Feel free to contact me at 720-929-6368 if you have any questions regarding this information.

Sincerely,

Kerr-McGee Oil & Gas Onshore LP
