In accordance with the requirement of Rule 305.f. of the Colorado Oil and Gas Conservation Commission (COGCC), this letter serves as notice by PDC Energy, Inc. (PDC) of its intention to conduct drilling operations with heavy equipment on the above-captioned wells not less than thirty (30) days from the date of this letter. This notice is following up on our conversations and discussions regarding the location of this well site(s), access roads, production facilities, and other related matters. However, the location(s) may be staked prior to this notice as discussed in consultation.

For purposes of this Notice Letter, our Initial Consultation meeting was held at the site on January 17, 2014. Pursuant to Rule 306, would you please complete (and return) the enclosed form requesting a consultation or to designate a representative for surface consultation for our records, even though the consultation has been completed? Additionally, enclosed please find a copy of the COGCC's brochure describing surface owner rights and responsibilities, and a copy of the COGCC's on-site inspection policy. Copies of the survey are also attached.

As the surface owner, you have the responsibility for notifying any affected tenant farmer, lessee or other party that may own or have an interest in any crops or surface improvements that could be affected by these proposed operations. A complete copy of the COGCC rules and policies is available at the following website: <http://cogcc.state.co.us/>. I have also enclosed a Waiver Letter (related to the well locations) that is required to be signed and attached to PDC's drilling permit application with the COGCC.
