**Complaint:**

Tracking Num	Category	Assigned To	Description	Incident Date
845599	ENVIRONM ENTAL DAMAGE	FERGUSON, RANDALL	<p>Anonymous caller was elk hunting and noticed spill/release at subject well. Caller did not know operator or well name. Gave general directions to site, said oil was leaking out of wellhead and line was blowing oil about 100' east of wellhead.</p> <p>Operator contacted 12/15/98; Randy Booco at location when called. Said spill was approx. 1/2 bbl, no surface water impacted, and totally confined to location. Cause = flowline clogged and separator filled and spewed oil out line into pit area.</p> <p>12/17/98 RHF visited site to confirm operator information. Operator onsite with remedial equipment. Will scape up impacted soil and landfarm onsite. Spill less than 5 bbls.</p>	12/15/1998

Follow up to inspection from 1/24/2014 (document number 673400219) Berm still appears low, missing operator and emergency contact on tank label. Weeds on location. Lube oils not in containment. Wellhead sign illegible. Please contact inspector within 7 business days of this report to discuss returning location to compliance.	waldron	06/23/2014
