Yes that is correct. I've never done one like this before so let me know if goofed up.

Mary,

I just want to make sure I understand what you would like the COGCC to do with this Sundry. What it looks like you are asking is to use sample number 535022 as a substitute sample as allowed under Rule 318Ae(4). The sample would then be used as the pre-drilling sample for that pad. Is this correct?

Thanks,

Arthur
