Subject: FW: Allard Pit Closure

To: "alex.fischer@state.co.us" <alex.fischer@state.co.us>

Alex,

I wanted to touch base with you on the Allard pit, (API # 057-06124) .

We are still keeping an eye on the water levels and observing for the summer. I'm working with Tasman (and Randy Miller in North Park) to continue evaluating the current situation and putting together a couple plans of action to close out the pit before winter sets in again.

Can we touch base in a couple weeks (maybe week of July 21st) to discuss our plan and timeline for proceeding?

Thank you for working with us to resolve this location.
