Dear Ms. Williams:

Mull Drilling Company, Inc. ("MDC") plans to drill the above referenced well on your land in Cheyenne County, Colorado, approximately September 5, 2014.

The first step in this process is for a surveyor to go out to your land and drive a wooden stake into the ground at the proposed drillsite. We plan to have this done within the next several weeks. One of our field personnel will give you, or your designated representative, a call to let you know when the surveyor will be on location so that you may be present for this operation. After we "stake" the drillsite, we will begin the permitting process in Colorado which involves several forms, maps and plats that we file with the Colorado Oil & Gas Conservation Commission ("COGCC").

We have also included with this letter a brochure prepared by the COGCC entitled, "Oil and Gas Well Notification, Consultation, and Reclamation Rules: Information for Oil and Gas Operators, Surface Owners and Surface Tenants." Also included is a form for you to fill out and send back to MDC in the enclosed postage-paid envelope. Please provide the following information on the form:

1. Circle either **waives** or **does not waive** on the Thirty-Day Notice Waiver section. This letter satisfies the COGCC requirement (Rule 305) to provide 30-day notice before drilling.

If you circle **does not waive**, then in addition to this letter, we will also send you copies of the COGCC Form 2A, a list of major equipment components, well location plat & topographic map, ingress map as they become available. We will also send you notice of any subsequent well operations that will materially impact surfaces beyond existing road or well sites and notice of final reclamation of the drillsite.

If you circle **waives**, then we will not send you a copy of the COGCC and surveyor forms or provide the additional well operations & final reclamation notices. We will still contact you, or your designated representative, prior to moving any machinery onto your land in preparation to drill this well.

2. Circle either **requests** or **does not request** on the Request for Consultation Meeting section. A good time to have a consultation meeting is when we have surveyors out on your land to stake the well. If this is your choice, please check the space next to "Hold Consultation Meeting when the well is staked." If you would prefer to meet a different time and location, please indicate your preferred date, time and location.

3. Please fill out the Designated Representative (Agent/Tenant) with the name and contact information of the person you would like to designate to meet with an MDC employee for the above consultation and who we should contact prior to the start of drilling operations. This can be a tenant, an agent or yourself.

4. Please print your name, telephone number, sign and date in the appropriate blanks under the Surface Owner section.

The MDC field employees which you will likely be in contact with are the following:

Carl Smalley, Environmental Manager

Cell Phone: (719) 342-1812

Bill Stutz, Cheyenne County, CO Production Foreman

Cell Phone: (719) 343-5182

Tracy Akers, Kiowa County, CO Production Foreman

Cell Phone: (719) 342-1813

If you have any questions about this letter or the enclosed form, please give my assistant, Tannis Tritt (800-658-1632, Ext. 122), our Land Manager, Ava Ross (Ext. 121) or me (Ext. 113) a call.

Sincerely,

Mark Shreve

Dear Mr. Pelton:

This letter shall serve as notification by Mull Drilling Company, Inc. (MDC) to drill a well, the Champlin-Aldrich "A" #7, at the location described above. We anticipate this well will be drilled approximately September 5, 2014.

As required, please find attached a complete copy of a permit package that has been sent this date to the Colorado Oil and Gas Conservation Commission.

If you have any questions, please don't hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Shreve", is written over a horizontal line.
