Dear Director:

Please let this letter serve as a request for administrative approval of an exception location for the captioned oil and gas facility. Encana Oil & Gas (USA) Inc. ("Encana") proposes to place the subject facilities at a location that is less than 150 feet from the property line.

Rule 603.a(2) of the Colorado Oil and Gas Commission's Rules and Regulations states wells that shall not be located less than one hundred fifty (150) feet from a surface property line. Encana proposed to place the above referenced facility at a surface location that is closer than 150 feet from a property line and has received approval from the surface owner for an exception to this said rule.

Thank you for your assistance in this matter.

If you have any questions or comments, please contact me at 720-876-5156.

Sincerely,  
Encana Oil & Gas (USA) Inc.
