5. COMPENSATION. Operator agrees to pay owner the sum of [REDACTED] ("Amount") for each well in cultivated land and [REDACTED] for each well in non-cultivated land and [REDACTED] for each tank location prior to the commencement of drilling operations for each such Well. This amount shall be deemed full and agreed consideration for all damages caused or created by reason of the reasonable and customary ingress, egress, rights-of-way, drilling, completion, production and maintenance operations associated with the well and facilities. Such damages will include, without limitation, damages to growing crops and crop land; the removal, transportation and care of any livestock; the re-seeding, construction and use of access roads; and the preparation and use of the wellsite areas.
