Arthur,

Attached is the documentation requested. We received access to sample three wells after I submitted the variance. The first well is supposed to spud today, so we will not have the wells sampled before spud.

Please let me know if you have any other questions or need any clarification.

Thank you,

**Subject:** Heartland G25-72-1HN Groundwater Sundry Notice

Julie,

Please provide documentation of Nobles attempts to contact water well owners for this well as required under Rule 318Ae(4)C.iii. The blanket statement of Noble sent 13 requests to sample is inadequate to determine if Noble has complied with Rule 318Ae(4).

This Sundry will be placed on hold until clear documentation has been received indicating:

- 1) Which water wells Noble evaluated for use as a Water Source under Rule 381Ae(4) and

2) Nobles attempts to contact the water well owners as required under Rule 318Ae(4)C.iii.

If adequate documentation is not received within five (5) business days the Sundry will be denied for failing to meet the documentation requirement under rule (318Ae(4)C.iii.

Thanks,

Arthur
