Re: Colorado Parks & Wildlife – Onsite
Welker #42-11 and Welker 6-92 #1-2H11
Moffat County, Colorado

To whom it may concern:

The Colorado Oil and Gas Conservation Commission (COGCC) has specific guidelines and procedures regarding onsite and consultations prior to permit approvals. It is my understanding that I, as the surface owner, have the right to waive or disallow the Colorado Parks and Wildlife (CPW) to place any Conditions of Approval (COA) or BMP's on the applicant's permit.

It is my desire to waive and/or not allow the CPW to place COA's/BMP's on the above referenced well sites located on my surface property. Your understanding in this matter is greatly appreciated.

Sincerely,

Glennon Jesse Welker
