Colorado Oil and Gas Conservation Commission  
1120 Lincoln Street, Suite 801  
Denver, CO 80203  
Attn: Mr. Matt Lepore, Director

RE: Request to the Director for 604.b.(1).A. Exception Location (existing Oil and Gas Location now within a Designated Setback as a result of Rule 604.a.)  
**Consolidation Unit #8 Surface Location (Facility)**  
Township 1 North, Range 67 West, 6<sup>th</sup> P.M.  
Section 1: SWNW 2262' FNL & 104' FWL (Surface Location)  
Weld County, Colorado

Dear Mr. Lepore:

K.P. Kauffman Company, Inc. (KPK) has increased the size of the disturbed area of the above referenced production location. This facility serves as a production location for the wells in the attached spreadsheet. The surface location of KPK's facility has been mutually negotiated with the surface owner in order to install five (5) additional Emission Control Devices (ECD) and a compressor. This construction took place or around July 7, 2014 to address imminent safety concerns following a COGCC inspection of the Facility.

In consideration of the foregoing, KPK kindly requests that current setback rules contained in Rule 604.b.(1).A. be waived for this permit application given that is being filed as a result of additional disturbed area on an existing location.

Thank you for your attention to the enclosed. KPK respectfully requests that the COGCC review the enclosed information and approve the requested location waivers and Application for Permit of Amended of Existing Location.

Respectfully,

A handwritten signature in black ink, appearing to read 'RR', is located below the word 'Respectfully,'.

Ronnie Prado  
Engineer
