**RE: COGCC Rule 306.e.: Meetings with Building Unit Owners within a Buffer Zone Setback  
COGCC Rule 306.e.(5): Operator Certification  
Mead 9-E Pad: SENE Section 9, Township 7 North, Range 66 West  
Weld County, Colorado**

Dear Mr. Lepore,

Extraction Oil & Gas, LLC (Extraction) has filed the Form 2A Oil and Gas Location Assessment (OGLA) for the proposed oil and gas facility referenced above.

Pursuant to COGCC Rule 305.c., Extraction certifies that the required notifications to all Building Unit Owners (BUO) within the Buffer Zone Setback were sent and were available for meeting and/or consultation. Extraction received a consultation request from Carmon Leigh Dillard, a BUO within the Buffer Zone. Extraction, as well as the Local Government Designee Tom Parko, met with the BUO and addressed all concerns. The content of these meetings was outlined in correspondence with Doug Andrews via email. This letter serves as Operator Certification that Extraction has complied with COGCC Rule 306.e.

Extraction respectfully requests the COGCC approve the Form 2A for the Mead 9-E Facility. Many thanks for your consideration of this matter.

Respectfully,

A handwritten signature in blue ink that reads "Jeff Annable". The signature is written in a cursive, flowing style.

Jeff Annable  
Regulatory Technician  
Agent for Extraction Oil & Gas, LLC
