Re: Request for Exception – Rule 318(a)  
Omimex Petroleum, Inc. (66190) – Well: Gueck 10-19-7-44  
T7N-R44W-Section 19-NW/4SE/4, Phillips County, CO.

Dear Mr. Lepore:

Omimex Petroleum, Inc. respectfully submits and asks that the Director grant an exception to Rule 318(a), requiring a well to be drilled 2,500 ft or greater shall be located not less than 600 ft. from any lease line. The lease line from the adjacent mineral owners to the west is 411.08 ft. Moving the well to the east would not work based on geological studies.

Omimex has obtained a waiver from the mineral owner to the west and has included the waiver with this request. There will be a pooling agreement put in place between Louise Worley, Carol Ann Gueck, and the Kenneth Gueck Trust.

Thank you for your consideration.

If you have any questions please call me at 817-804-8902.

Very truly yours,

OMIMEX PETROLEUM, INC.
